

## **2023 Annual General Meeting Volunteer Coordinator's Report**

*Respectfully submitted by: **Jessie Mallon***

During the last year, the Club saw most of its activities gradually return to pre-Covid level. Sincere thanks to all 29 volunteers who helped during 2022.

As volunteer coordinator, my main duty was to find volunteers to pre-walk the various routes before each event. I also helped coordinate the Club's 35th Anniversary picnic at Petrie Island and participated in the Clean the Capital fall event.

The Club is planning exciting activities for the coming year and members will have the opportunity to volunteer in various areas. If you are interested in volunteering, please let me know. I am looking forward to working with you.
