Annual General Meeting
Membership Coordinator's 2023 Report

Respectfully submitted by Pat DeRoche

2023 was a very good year for our club membership. We had a total of 127 members. Of this amount 32 were new members, 11 life time members, 79 renewals and 5 minors. This is the largest number of members since 2010.

In 2023 the club was in a good financial position and all paid up members for 2022 were given free membership for 2023.

It is nice to see so many of the new members participating in the walks and events. Many of the new members have volunteered to help with the club activities. New blood and ideas will help our club grow and attract new members.

All new members were given a free distance book upon joining and a welcome note. There was also an increase in the number of members using email and etransfer to renew their membership.

For 2024 our membership fees have remained at $15 for individuals and $30 for families. Our hope is that we will be able to keep growing our membership as we did in 2023.
